

**PACIFIC PRODUCE**

## **MUSHROOM ALERT**

Button, medium and sliced white mushrooms are extremely limited industry wide. Our incoming orders are being prorated or cut each day. When necessary, we will be allocating mushrooms in order to fulfill at least partial orders.

We are focusing on acquiring as many mushrooms as we can locate and at the best price we can negotiate. However, we are being met with daily changes in prices as the demand increases. Therefore, we will not be able to guarantee weekly pricing until the mushroom market has adjusted to normal.

Please call your sales representative to discuss possible substitutes, such as Crimini or Oyster that may be more price effective and readily available.
